Hot Issues

Health Labelling

WFA will continue to advocate for alternate solutions to mandatory health labelling to prevent additional costs and red tape to Australian wine businesses.

National Alcohol Strategy (NAS)

WFA continues to advocate and encourage the responsible consumption of alcohol, while preventing increased restrictions and regulations on the sale of Australian wine products.

Market Access

WFA will continue to ensure barriers to trade are removed or reduced where applicable, and will continue to actively advocate for fair trade arrangements for all Australian winemakers.

Industry Leadership and Collaboration

WFA is actively working with all levels of the wine industry, with a particular focus on the grass roots level with wine producers and regional associations, to ensure we deliver the best outcomes for the greater Australian wine industry.

Biosecurity

WFA, with Australian Vignerons provides industry leadership to ensure effective management in biosecurity, safeguarding Australia's wine industry and associated businesses.

Geographical Indications and Grape Variety protection

WFA is utilising its international networks to coordinate responses against these efforts and is strongly advocating against these types of restrictions to trade.
